Dates of Review: October 2011; May 2015; August 2015; November 2017; November 2020

I. POLICY

Boys and Girls Haven is committed to providing an environment that enhances learning and the development of lifelong wellness practices. To accomplish this, programs that address nutrition, physical activity and healthy lifestyle choices are provided to all clients. In addition, Boys and Girls Haven complies with all federal, state and local requirements and guidelines.

II. PROCEDURE

Nutrition Education

- The staff responsible for nutrition education will participate regularly in professional development activities and will be adequately prepared to deliver an accurate and effective nutrition education program. Preparation and professional development activities will provide basic knowledge of nutrition, combined with skill practice in program-specific activities and instructional techniques designed to promote healthy eating habits. (1)
- Nutrition education information will be reviewed by a qualified, credentialed nutrition professional.
- The school cafeteria serves as a “learning laboratory” to allow students to apply critical thinking skills taught in the classroom.
- Nutrition education will, when possible and applicable, involve sharing information with families and the broader community to positively impact students and the health of the community. (4)
- Students will be encouraged to start each day with a healthy breakfast and will be provided with healthy meal options throughout each day.

Physical Activity

- Physical activity will be integrated across curricula and throughout the day.
- Physical education will be the environment where students learn, practice and are assessed on developmentally appropriate motor skills, social skills and knowledge. (1)
- The agency will provide a daily recreational period, when it is safe to do so for the individual client, which will not be used as a punishment or a reward.

- Physical education will include the instruction of individual activities as well as competitive and non-competitive team sports. (6)
- Adequate equipment is available for all students to participate in physical education. Facilities used for physical education will be safe and free from hazards.
- Boys and Girls Haven provides a physical and social environment that encourages safe and enjoyable activity for all clients, regardless of physical ability. (1)

Other Activities

- Programs will encourage physical activity and healthy habit formation. (6)
- Support for the health of all students is demonstrated by hosting health clinics, health screenings, and ensuring that eligible children are covered by health insurance.

Eating Environment

- The National Association of State Boards of Education recommends that students should be provided adequate time to eat lunch, at least 10 minutes for breakfast and 20 minutes for lunch, from the time the student is seated. Boys and Girls Haven fully complies with these recommendations. (2)
- Lunch periods are scheduled as near the middle of the school day as possible. (5)
- Cafeterias include enough serving areas so that students do not have to spend excessive time waiting in line.
- Dining areas are attractive and have enough space for seating all students. (6)
- Drinking water is available for students at meals.
- Food is not used as a reward or punishment for clients' behaviors.

Child Nutrition Operations

- The child nutrition program will aim to be financially self-supporting. However, the program is an essential educational support activity. Budget neutrality or profit generation will not take precedence over the nutritional needs of the students. If subsidy of the child nutrition fund is needed, it will not be from the sale of foods that have minimal nutritional value and/or compete nutritionally with program meals. (1) (5)
- The child nutrition program will ensure that all students have access to the varied and nutritious foods they need to learn and stay healthy. (1)
- When applicable, Boys and Girls Haven will strive to increase participation in the available federal Child Nutrition programs (e.g. school lunch, school breakfast, after-school snack and summer food service programs).
- Boys and Girls Haven employs a food service supervisor, who is properly qualified, certified and/or credentialed according to current professional standards, to administer the food service program and satisfy reporting requirements. (1)
- All food service personnel shall have adequate pre-service training in food service operations. (1)
- Clients of the residential program are provided with breakfast, lunch, dinner and snacks seven days a week, 365 days per year.
- Students are encouraged to start each day with a healthy breakfast.

Food Safety/Food Security

- All foods made available on campus comply with the state and local food safety and sanitation regulations. (1)
- For the safety and security of the food and facility access to the food service operations are limited to Child Nutrition staff and authorized personnel. (3)

The U.S. Department of Agriculture prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Ave., S.W., Washington, D.C. 20250-9420, by fax (202) 690-7442 or email at program_intake@usda.gov

Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339; or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992.

Submit your completed form or letter to USDA by:

(1) mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410;

(2) fax: (202) 690-7442; or

(3) email: program.intake@usda.gov.

This institution is an equal opportunity provider.
